MEMORANDUM FOR: Executive Director, National Photographic Interpretation Center

THROUGH : Chief, Technical Services Group, NPIC
SUBJECT : [REDACTED] Relationship with the
[REDACTED] Contract25X1
25X1

1. In a past note, you expressed concern about the period of the relationship of [REDACTED] with the [REDACTED] effort, principally from the point of view of his career development. The following describes this association:

25X1
25X1

- a. [REDACTED] contract initiated in the fall of 1966 - no [REDACTED] association.
- b. Fall 1967 to February 1969 - [REDACTED] was project monitor with Paul as an assistant.
- c. February 1969 to August 1969 - [REDACTED] was project monitor (Paul was in the Career Training Program).
- d. [REDACTED] became project monitor in September 1969 and continues that responsibility to date.

25X1

Therefore, Paul has been associated with the [REDACTED] contract for about two and one-half years.

25X1

2. During the past four and one-half years, he has been associated with many other projects--a list of which is attached. It is planned that Paul will continue as the project monitor of the [REDACTED] contract for the FY-71 effort, but will not have primary responsibility if a new continuation contract is awarded. At the present time, discussions are being held within the various Branches of RED concerning future assignments to begin planning the training for Paul in other technical areas. Investigation toward a replacement as project monitor for a future [REDACTED] contract in this area is also on-going.

3. I hope this information suffices and our course of action meets with your approval.

John -

25X1

[redacted] has been
working on the [redacted] contacts
for at least 4 yrs. While
I realize that he is
effective there and enjoys
the assignment, I question
the value to him and us of
keeping him on that assignment
much longer.

25X1

Please review that situation
and let me know what you
think about it.
